Leftovers Cooking

Leftovers cooking is the future application which users will be able to do cooking recipes searches using a list of their leftovers as search filter. So, if you have leftovers at your kitchen and you don't know what to cook, this app is for you. The application will allow users to register themselves and

save their leftovers list for future usages. Also, users will be able to check their sent cooking recipes and their current score. Leftovers cooking will allow users to...

- Add new recipes
- Give them a score
- Search cooking recipes by ingredients
- Search cooking recipes by food dishes
